

Protect your machinery from theft with a CESAR data tag

20% discount for UFU members

Machines protected by the PSNI-supported CESAR anti-theft deterrent system are 4 times less likely to be stolen. This anti-theft ID data tag marks and identifies the machinery it's fitted to, linking back to a database that the Police have access to 24/7 to dissuade thieves.

- No annual fees: low one-off cost to protect your machinery for life
- 12.5% discount on NFU Mutual plant insurance quotes
- Fitted at your premises by a Pirtek expert
- Get an assessment of your hydraulic hoses

Fast and reliable 24/7 on-site hydraulic service

We offer a comprehensive range of hydraulic solutions, products and services to minimise downtime for the agricultural sector. Our fully qualified technicians, who are trained to the highest standards, can help with breakdowns as well as custom solutions for all types of hydraulic adaptors, power steering pipes and hoses, air conditioning hoses and all your hydraulic-powered equipment. Get in touch today for more info.
