# TAKE CONTROL AND PROTECT YOUR AGRICULTURAL MACHINERY WITH TRACKER

Plant and agricultural theft is an ever-present problem in the UK, so it's important to protect your assets against crime and the inconveniences that come with vehicle theft. 95% of stolen plant is never recovered, so protect your agricultural machinery with Tracker.

## Battery Powered Retrieve

Specially developed to protect unpowered or infrequently used assets to avoid draining the battery, Battery Powered Retrieve has its own power source and does not need to be wired into the electrical system of your vehicle. The unit is easy to fit and suitable for all kinds of vehicles and assets from quad bikes, horse boxes, trailers and catering vans to classic cars and vintage motorbikes.

## Plant

Our Plant product offers the perfect tracking and security solution for the plant hire, construction and agricultural industries, it enables you to keep a closer eye on your fleet by monitoring running hours, ensuring vehicles are used on agreed sites and helping you plan servicing schedules efficiently. The security and successful recovery of your assets is our top priority.
